DOCUMENT	
Purpose	In order to maintain a high level of public support and respect, it is essential that the affairs and business of Workplace Safety North (WSN) be conducted professionally, objectively, and without interference or perception of interference arising from the personal interests of the individuals involved in making decisions for the Corporation.
Scope	<p>A conflict of interest shall be defined as any situation where a Director or Officer of WSN, their employer, or a member of that person's immediate family has the ability to influence, directly or indirectly, a decision or action in their favour. For the purposes hereof, "family member" shall include but not be limited to a spouse, natural or adoptive parent, natural or adoptive child, brother or sister.</p> <p>A real conflict of interest arises when the Director is performing a duty or function of the position and, in the performance of that duty or function, takes advantage of an opportunity to further his or her private interests.</p>
Responsibility	Directors are to perform their duties conscientiously and avoid any situation in which there is a real or perceived conflict of interest that could interfere or could be perceived to interfere with the Director's judgment in making decisions in the best interest of WSN.

POLICY
<p>Directors must arrange their affairs and conduct themselves in a manner to avoid a conflict of interest, including the following:</p> <ul style="list-style-type: none"> Must not act on behalf of or deal with WSN in any matter where a conflict may exist; Must not personally benefit from any transaction with WSN;

- Must not use their relationship with WSN to confer an advantage on themselves or on a close friend, relative, business associate, or a firm, Corporation or partnership in which the member or a relative holds an interest;
- Must not use information acquired through membership on the Board for personal benefit.

An apparent conflict of interest arises when a reasonably well-informed individual perceives that a Director's ability to perform a duty or function of the position was, is, or may be, affected by the Director's private interests.

PROTOCOL TO AVOID DIRECTORS' CONFLICT OF INTEREST

The Director is required to disclose all private and business interests and relationships that could result in a real or apparent conflict of interest at the first Board meeting after the facts related to a possible conflict have come to the member's attention. Where a conflict of interest or a potential conflict of interest arises during a scheduled or formal meeting, the conflict of interest shall be declared immediately.

After making a declaration, the Director shall:

- Advise the Secretary/Treasurer or Chair of the potential conflict of interest;
- Declare to the Board the circumstances of the perceived conflict of interest when the subject matter arises on the agenda;
- Depending on the nature of the conflict, not participate in the discussion or leave the meeting until the discussion on that item is completed and a decision, if any, has been made;
- Not participate in the discussions or make any attempt in any way, before, during, or after the meeting, to influence the discussion and/or vote on any question in respect of the matter.

The person recording the minutes of the meeting shall:

- Record the member's declaration and the reason for it, and if necessary, record the times that the member departed from and returned to the meeting;
- Minutes and action items will be posted to the Board's secure site.

ENTERTAINMENT, GIFTS AND BENEFITS

Directors and their associates should not accept entertainment, gifts or benefits that grant or appear to grant preferential treatment to a potential or actual contractor to WSN. Similarly, no Director may offer entertainment, gifts or benefits in order to secure preferential treatment for WSN.

A Board member may accept a gift in the course of performing Board responsibilities under the following circumstances:

- The gift, entertainment or benefit is lawful and would be considered by the local community to be within the bounds of propriety, taking into account the circumstances of the occasion;
- The exchange does not, nor is it, expected to create an obligation;
- The gift could not be construed by an impartial observer as a bribe, pay-off, or an improper or illegal payment; and
- It occurs infrequently.

BUSINESS WITH WSN

A Director's employer or "family member" may undertake consulting work, negotiate a service contract or conduct any other business with WSN provided this activity is declared to the Chair of the Board prior to the undertaking and the Director has no involvement in the selection process. Normal purchasing policies and procedures will be used. The purchasing process will be monitored by the Finance and Corporate Services Division.

VIOLATIONS

Apparent or alleged violations of this Code by any Director shall be referred to the Governance Committee, which shall, after appropriate inquiry and investigation of the relevant facts, communicate its findings and recommendations to the Board. If the Board concludes that a Director has knowingly violated the Code, it may impose such disciplinary measures as are appropriate and permissible under the circumstances, including but not limited to removal from the Board. Matters of the Board will be dealt with by the Board; matters with employees will be dealt with by the CEO or designate; matters of the officers of the Corporation will be dealt with by the Board

Any matters of conflict of interest of employees should be brought to the attention of the HUMAN Resources and Legal Committee.
