Program Development and Communications – Ontario Mine Rescue

Temporary Full-Time – 15-month contract (35 hours/week)

Salary Range: \$64,842 to \$80,947

Location: Sudbury, ON

As part of a high-performance team, you will assist clients in meeting and exceeding their mine rescue responsibilities through knowledge transfer. This includes researching, writing, and designing occupational health and safety products and programs in support of Ontario Mine Rescue.

In this role, you will utilize your exceptional writing, editing and visual media skills, project management, instructional design skills, and multi-media content development skills for the preparation of communication products and training programs across a range of platforms.

In a collaborative team environment, you will work with subject matter experts, internal and external stakeholders, to develop communications and training content that satisfies learner and client needs. Your ability to develop and deliver multi-media communications materials and training programs is complemented by your ability to work with minimal supervision.

You possess sound knowledge of instructional design, adult education, and facilitation, and have obtained a post-secondary degree in journalism or related discipline, or equivalent combination of education and experience, complemented with a minimum of 2 years of related job experience. Formal education in instructional design and/or adult learning is helpful, as is knowledge of the mining industry.

Seeking Software Competency in: Adobe InDesign

The work involves exposure to the underground mining environment and adverse conditions and long duration travel provincially. Travel away from home of approximately 20-30 days per year for course shadowing, technical information gathering and working meetings with subject matter experts is required.

WSN is an Equal Opportunity Employer. In accordance with the Accessibility for Ontarians with Disabilities Act, 2005 and the Ontario Human Rights Code, WSN will provide accommodations to applicants with disabilities throughout the recruitment, selection and/or assessment process.
