Financial and Systems Analyst

Permanent Full-Time, (35 hours/week); Bargaining Unit
Salary Range: \$66,878 – \$83,353 (annual)
Location: Ontario (remote work position)

As a member of the Corporate Services team, you will be responsible for overseeing the organization's Microsoft Dynamics Great Plains (GP) system and SQL databases. Utilizing your exceptional project planning and project management skills, you will be responsible for creating and implementing an information systems strategy. This position requires a strong financial and database management function, including analysis, coordination, and implementation of processes. You will assist in the integration of corporate systems that feed Great Plains (i.e., website portal, payroll, expense, CRM, Concur) to maximize efficiencies and sharing of data. In addition to providing financial data analysis, you will create management accounting reports, as well as provide activity driver analysis for all parts of the organization.

You have strong analytical, evaluation and problem-solving skills, as well as a high degree of accuracy and attention to detail. You possess theoretical and working knowledge of financial management principles, financial analysis, financial statement preparation and internal controls.

You have obtained a university degree in Commerce or Business, complemented with a minimum five (5) years of related job experience. A Chartered Professional Accountant (CPA) designation or the ability to obtain is required. Experience with Microsoft Dynamics GP, including Report Writer is required. Smart connect relational database experience and technical knowledge of SQL is considered an asset.

This position provides a challenging career with an attractive benefits package and salary based on qualifications. If you feel you meet our needs and are interested in being a part of a rewarding career in occupational health and safety, please forward your written application by 4:00 p.m. on **Friday, August 26, 2022** to:
