## September 28 Mining Health and Safety Event

The third annual Battery Electric Vehicle Safety in Mines Symposium hosted by Workplace Safety North will be held in Sudbury on September 28, 2022. As a sponsor of this popular symposium, your organization has the opportunity to showcase its products and services, while aligning itself with the values of health and safety.

The event expects to welcome more than 100 mining industry professionals to network and share knowledge about the risks associated with battery-powered equipment and explore ways to manage hazards.

### Audience Snapshot

- General managers
- Mine managers
- Health and safety managers
- Supervisors
- Joint Health and Safety Committee representatives
- Maintenance and procurement professionals

## Why sponsor or exhibit at the Battery Electric Vehicle Safety in Mines Symposium?

- ☑ Reach more than 100 health and safety professionals
- ☑ Associate your brand with the values of health and safety
- ☑ Opportunity to participate in the trade show and network with industry members
- ☑ Boost awareness of your brand in northern Ontario communities and beyond
- ☑ Demonstrate your commitment to health and safety to your staff, clients, and community
- ☑ Popular annual event hosted by trusted provincial organization

Sponsors are a valued part of this event and WSN makes every effort to ensure they receive maximum exposure and recognition before, during, and after the event.

Sponsors can choose from three different levels of sponsorship: Platinum, Gold, and Silver.

## Your local health and safety partner

Workplace Safety North (WSN) is one of four provincial not-for-profit health and safety associations, and the only one based in the north. A leading provider of health and safety services, WSN offers expert advice, training, information, and free resources.

WSN is recognized by the Ministry of Labour, Training and Skills Development, the Ministry of Colleges and Universities, the Ontario Waste Water Certification Office, and the Workplace Safety and Insurance Board as designated trainers and service providers.
